Welcome to Paw Print!

To keep the celebration of Earth Day going all year round, Bamboo offers tips to help your furry friends reduce their carbon "paw print." Spend more time outside of your automobile by going for a walk with your pooch or consider riding your bike with your pup to a local dog park. Kitties love "green living" by indulging in our Zoom Around the Room® Organic Catnip! Organically grown, our catnip is truly an Earth-friendly treat!

However you choose to celebrate, the team at Bamboo Pet encourages you and your four-legged friend to make simple green choices in your lives. After all, more walking and playtime are great energy boosters and increase the bond between you and your pet!

Doggies are going green with Fat Cat Inc.'s colorful Water Bottle Cruncher toys! The Water Bottle Cruncher design combines a heavy duty canvas toy with a triple re-inforced closure and a plastic water bottle. Your dog will spend hours crunching away to the satisfying sound. Once the bottle is worn out, simply replace with a new bottle, up to 20 oz. in size! Be sure to toss the old bottle in your recycling bin once play time is over! The Water Bottle Cruncher retails for around \$12 and is available nationwide.
